Provider Directory

Welcome to the Government Health Plan!

This directory contains a list of Primary Medical Groups, including specialists and subspecialists who provide service in your area. It also includes a list of the preferred provider network of each Primary Medical Group and the general network providers from MMM Multi Health. This directory was updated on **November 2018**. To get the most up-to-date information about MMM Multi Health's network providers and pharmacies in your area, visit www.multihealth-vital.com or call our Enrollee Services Department.

This document may be available in alternate formats such as Braille, large print, audio or other languages. Please contact our Enrollee Services Department at 1-844-336-3331 or 787-999-4411 TTY users for additional information, Monday through Friday, from 7:00 a.m. to 7:00 p.m. The Enrollee Services Department also has free language interpreter services available for non-English speaking enrollees.

Este documento podría estar disponible en diferentes formatos, incluyendo Braille, letras grandes, audio o en otros idiomas. Por favor, comuníquese con nuestro Departamento de Servicios al Beneficiario al 1-844-336-3331 (libre de cargos) o 787-999-4411 TTY para información adicional, de lunes a viernes de 7:00 a.m. a 7:00 p.m. El Departamento de Servicios al Beneficiario también tiene servicios gratuitos de intérprete de idiomas para clientes que no hablen español.

Definitions

Health Plan: Refers to the managed care organization or insurance company that provides services for the Government Health Plan in your region. There is a health plan per region.

Primary Care Physician (PCP): A licensed physician (MD), which is a supplier and in the field of practice and in accordance with the requirements of certification and licensing of Puerto Rico, is responsible for providing all primary care required by members. The PCP is responsible for determining the services required by the member, provides continuity of care, and provides referrals for members when medically necessary. A PCP can be a family doctor, general practitioner, internist, obstetrician/gynecologist, or pediatrician.

Primary Medical Group (PMG): Health professionals hired by the plan to provide health services under a model of coordinated care.

Preferred Provider Network: Health professionals, duly authorized to practice medicine in Puerto Rico, hired by the plan and Primary Medical Group for use by the member as a first option for services. Members can access these providers without copayments or referrals if they belong to your Primary Medical Group.

Referral: A written PCP authorization issued to the member to receive services from a specialist, sub-specialist or facility outside the Preferred Provider Network Primary Medical Group.

Specialist: A health professional licensed to practice medicine and surgery in Puerto Rico that offers specialized and complementary services to those offered by the primary care physician. This category includes but is not limited to, cardiologists, endocrinologists, neurologists, surgeons, radiologists, psychiatrists, ophthalmologists, nephrologists, urologists, physiatrists, orthopedists and other physicians not included in the definition of a PCP.

Coordinated care: It's the service provided to members by doctors who are part of the Preferred Provider Network in your Primary Medical Group. The PCP is the primary service provider, and is responsible for periodically assessing your health and coordinating all medical services you need.

Centros de Apoyo de Medicina Primaria (CAMP): Available for MMM Multi Health beneficiaries so you can access urgent health care services close to your home. In these centers, you can benefit from shorter waiting times, which reduces the risk of contracting diseases and/or complications, and there is direct communication with your primary care physician, to ensure the continuation of care, among other benefits. In the CAMP you will receive the care you need whenever you present a concern or need for healthcare services and the office of your primary care physician (PCP) is not available or is on vacation.

Section VIII - Contact information	910

Section I: Introduction

What is a Primary Medical Group?

A Primary Medical Group (PMG) is composed of several physicians who have joined to provide the services you need to stay healthy. Under this program, what we know as an IPA Group is referred to as a PMG. Within this group, there are physicians with different specialties that have been classified as Primary Care Physicians (PCP), including:

- General Practitioners
- Family Physicians
- Pediatricians
- Gynecologists/Obstetricians
- Internists

In addition to these five categories, the GMP will have specialists, subspecialists, laboratories, X ray facilities and hospitals, among others, to form what we call preferred provider network within the GMP network. You are free to visit the physicians and providers that form part of the Preferred Provider Network without needing a referral or covering copays.

Choosing the Primary Medical Group and the Primary Care Physician

Remember that you are free to choose the PMG and PCP you want. If you do not agree with the assigned PMG or PCP made by MMM Multi Health, you can change them within the first 90 days following the effective date of your coverage with MMM Multi Health. The PMG and the PCP you choose must offer services in your region.

To identify the PMGs in your municipality, MMM Multi Health has assigned four (4) digit identification numbers to each PMG. The first digit defines the group of municipalities for which the PMG Group belongs. Below you can see a reference table to show you how to identify the PMGs in your municipality.

PMG identifier	PMG Servicing Municipalities	PMG identifier	PMG Servicing Municipalities
0XXX	Arecibo, Barceloneta, Camuy, Ciales, Florida, Hatillo, Lares, Manatí, Morovis, Quebradillas, Utuado, Vega Baja	5XXX	San Juan
1XXX	Aguada, Aguadilla, Añasco, Cabo Rojo, Hormigueros, Isabela, Lajas, Las Marías, Maricao, Mayagüez, Moca, Rincón, Sabana Grande, San Germán, San Sebastián	7XXX	Canóvanas, Carolina, Ceiba, Culebra, Fajardo, Loíza, Luquillo, Río Grande, Trujillo Alto, Vieques
3XXX	Adjuntas, Guánica, Guayanilla, Jayuya, Peñuelas, Ponce, Yauco	8XXX	Aibonito, Arroyo, Barranquitas, Coamo, Guayama, Juana Díaz, Maunabo, Orocovi, Patillas, Salinas, Santa Isabel, Villalba
4XXX	Bayamón, Cataño, Comerío, Corozal, Dorado, Guaynabo, Naranjito, Toa Alta, Toa Baja, Vega Alta	9XXX	Aguas Buenas, Caguas, Cayey, Cidra, Gurabo, Humacao, Juncos, Las Piedras, Naguabo, San Lorenzo, Yabucoa

You must choose a PCP for each insured member in your family. The PCP you use for you and your dependents may be different, but they must belong to the same PMG. If you're a woman, you may choose a gynecologist/obstetrician in addition to any PCP. If you are pregnant, your Primary Care Physician will be your gynecologist/obstetrician during your pregnancy. When your pregnancy ends you will go back to receiving care from the Primary Care Physician you chose: a Generalist, Internist, or Family Practitioner. Your gynecologist will still be your other Primary Care Physician to meet your gynecological situations. You may choose a pediatrician for your baby or one will be assigned to you.

Can I change my Primary Medical Group or the Primary Care Physician?

Yes, you may change your PMG or PCP either by visiting MMM Multi Health's Enrollee Services Center or calling the Enrollee Services Department at 1-844-336-3331 (toll free) or 787-999-4411 TTY (hearing impaired), Monday through Friday, from 7:00 a.m. to 7:00 p.m.

Changes to the PMG and PCP – You will only be able to change within the first 90 days following the date in which you received your MMM Multi Health ID card. After this 90-day period, you may only change your PMG and your PCP once a year. If there is good cause, you may change your PMG or your PCP at any time.

The following events are considered good causes (justified) for a change:

- You move out of the region.
- For moral or religious reasons, the provider does not offer the services you need.
- You need services that must be offered at the same time and the services are unavailable. Not receiving all the services as ordered may put you at unnecessary risk.

Other acceptable reasons include, but are not limited to:

- Poor quality of services.
- Lack of access to covered service.
- Lack of providers with experience to take care of your healthcare needs.

Changes to the PCP and the PMG (referenced in the previous paragraph) must be made during the first 5 days of the month, so the change becomes effective the next month (for example, if you make the change on January 5, the change will be effective on February 1). However, if you change after the first 5 days of the month, the change will be effective on the subsequent month (for example, if you make the change on January 6, it will be effective on March 1).

To change the PCP within the same PMG, you only have to choose the new PCP within the same PMG you have now; the change will be effective on the following month.

What is a Preferred Provider Network?

They are a group of specialists, subspecialists and health service facilities with a contract with MMM Multi Health to provide services under your PMG. As long as you visit your Primary Medical Group Preferred Provider Network, you will not have to wait for a referral or pay copayments.

The information below talks about some of the physicians and providers, without limiting it to these specializations, which may belong to the PMG of your choice:

- Specialists and subspecialists (including but not limited to cardiologists, orthopedists, rheumatologists, endocrinologists, urologists, gastroenterologist, oncologists, and psychiatrists)
- Ancillary Services providers: physical therapists, nutritionists, and speech pathologists, among others
- Clinical laboratories
- X rays
- Cardiovascular surgery and catheterization centers
- Hospitals
- Urgency rooms
- Emergency rooms

Another benefit you will now have under MMM Multi Health is that you will no longer need a referral from your PCP on the prescriptions ordered by any other physician that is not your PCP, as long as the physician ordering the Prescription is part of the Preferred Provider Network of your Primary Medical Group. For laboratory and X- rays services you will need an order from the prescribing physician, but not the authorization of your PCP, as long as you receive the services at a laboratory or X-rays facility that belongs to the Preferred Provider Network of your PMG.

Preferred Provider Networks guarantee access, quality and availability of health services to be rendered to beneficiaries.

Are all my Specialists within the Preferred Provider Network of my Primary Medical Group?

In case that the specialist or subspecialist that you need is not part of MMM Multi Health's Preferred Provider Network, your PCP must give you a referral so you can visit the specialists or subspecialist outside the Preferred Provider Network of your Primary Medical Group, and you will have to pay corresponding copayments. Your PCP will be the one to coordinate visits to physicians and medical service providers outside the Preferred Provider Network of Providers of your Primary Medical Group.

You may visit specialists or subspecialists from MMM Multi Health's General Provider Network for the specified amount of time dated on the referral your PCP gives you, and will be subject to the applicable copayments.

What is your Health Plan's General Network?

They are the specialists, subspecialists and health services facilities your health plan has contracted to provide support to the PMGs. MMM Multi Health's General Network will be available to provide those services you cannot obtain through the Preferred Provider Network of your PMG, as long as your PCP gives you a referral.

To be able to receive services from MMM Multi Health General Network, **you must obtain a referral from your PCP and pay the corresponding copayments.** Prescription drugs or other service orders issued by MMM Multi Health's General Network will need the referral or an authorization from your PCP. That is, you will always have to go back to your PCP for him/her to authorize the service ordered (laboratory, X rays) and to authorize the prescription of medications for the pharmacy to be able to dispense them.

What are Federally Qualified Health Centers (FQHCs)?

Federally Qualified Health Centers (FQHCs) include all organizations receiving Federal grants under Section 330 of the Public Health Service Act (PHSA). These organizations are commonly known as Community Health Centers: non-profit community based entities that provide primary healthcare to low income population, uninsured or with limited coverage, located in areas with high need for health services.

Dental Services

Dental services do not require a referral from your PCP, with the exception of maxillofacial dentist visits.

Service Hours Legend

Provider service days are classified according to the following descriptions:

Monday - **M**, Tuesday - **T**, Wednesday - **W**, Thursday - **Th**, Friday - **F**, Saturday - **S**, Sunday - **Su**

Section III: “Centros de Apoyo de Medicina Primaria” (CAMP).

The “Centros de Apoyo de Medicina Primaria”, better known as CAMP, are available for MMM Multi Health beneficiaries so you can access urgent health care services close to your home. In these centers, you can benefit from shorter waiting times, which reduces the risk of contracting diseases and/or complications, and there is direct communication with your primary care physician, to ensure the continuation of care, among other benefits. In the CAMP you will receive the care you need whenever you present a concern or need for healthcare services and the office of your primary care physician (PCP) is not available or is on vacation.

These centers can be:

- Medical offices with extended hours that offer medical services after 5:00 p.m
- Centers or facilities that provide health care services, including service laboratory or radiology in a time less than or equal to 24 hours, 7 days a week.

Some benefits:

- No referral is required
- Shorter waiting times.
- Prescription delivered in the CAMP up to a maximum of 5 days of treatment.
- Availability of educational material
- Patient in need of acute care will be transferred to a hospital facility contracted by the network of MMM Multi Health providers in direct communication between the CAMP facility and the physician of the hospital facility.
- Other

To identify the nearest CAMP, ask your primary care physician and/or check the provider directory. For more information can call the Beneficiary Service Center.

Section IV: Mental Health Network

As part of our commitment to the population we serve at MMM Multi Health, we have given ourselves the task of improving mental health services offered under the Government Health Plan in coordination with the Health Insurance Administration (ASES). To do this, we will effectively coordinate the services you need with our Mental Health Network, which consists of mental health clinics and a network of mental health professionals around the Island.

Mental Health Clinics	Address	City	Telephone
